

I

am

safe

and

healthy .

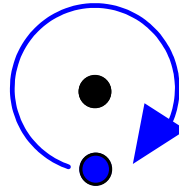

A

Social

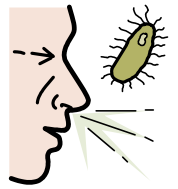

Story

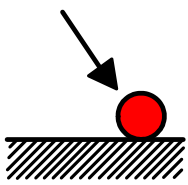

About

Corona

Virus

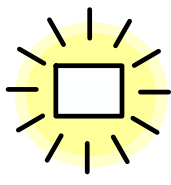

There

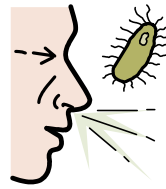

is

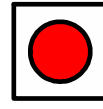

a

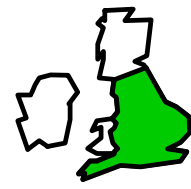

new

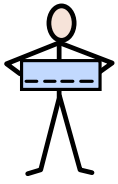

virus

in

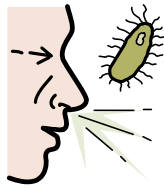

England

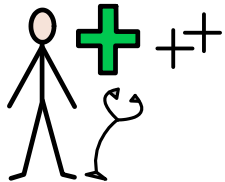

called

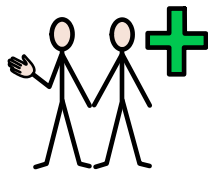

Corona

Virus.

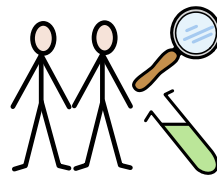

Doctors,

nurses,

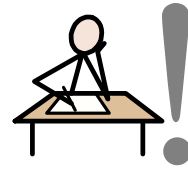

and

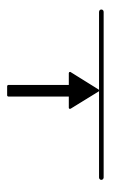

scientists

are

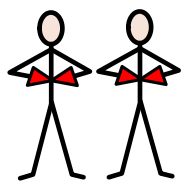

working hard

to

keep

us

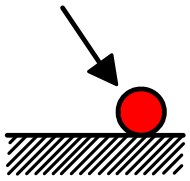

safe

and

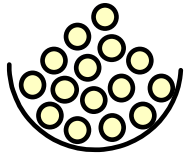

healthy.

There

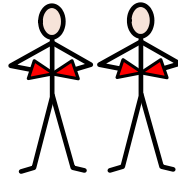

are

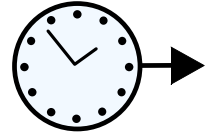

many

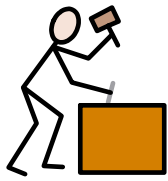

things

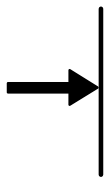

we

will

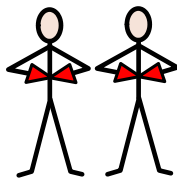

do

to

keep

ourselves

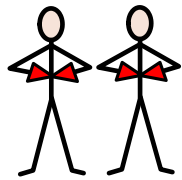

safe

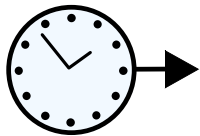

and

healthy.

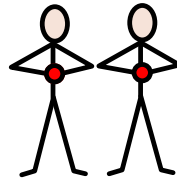

We

will

wash

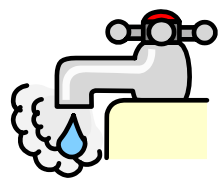

our

hands

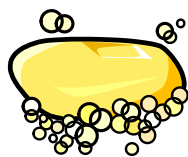

with

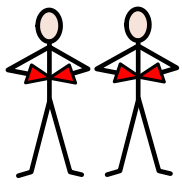

warm water

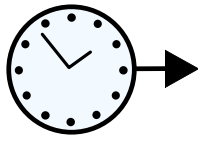

and

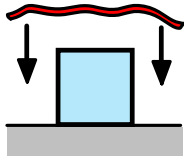

soap.

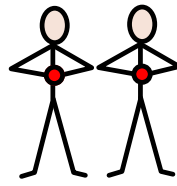

We

will

cover

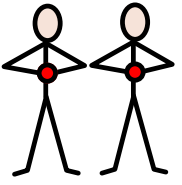

our

sneeze

and

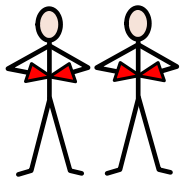

our

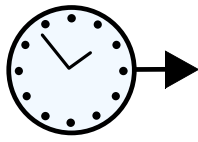

coughs,

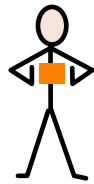

and

We

will

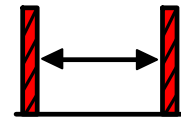

keep

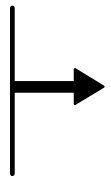

a

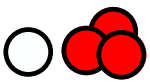

safe

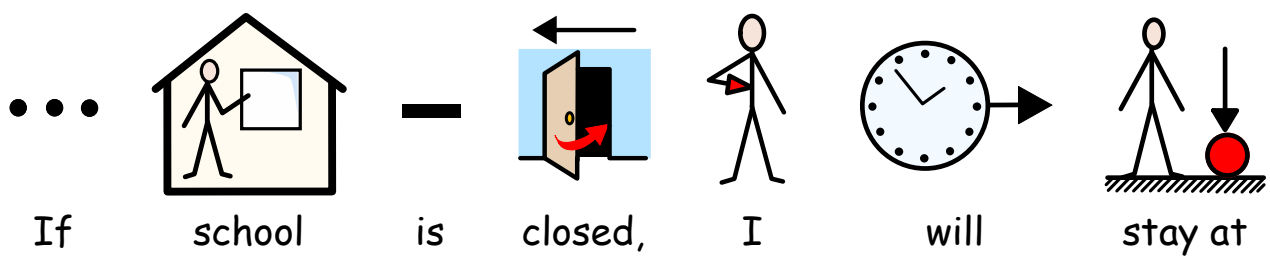

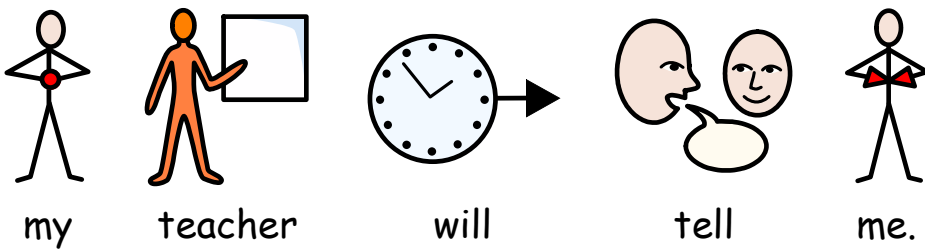

distance

from

others.

home

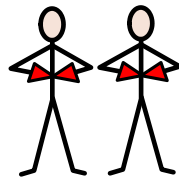

with

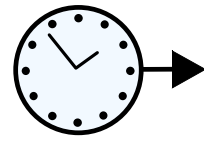

my

family.

We

will

relax

and

spend

time

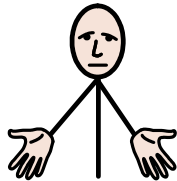

together.

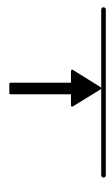

I

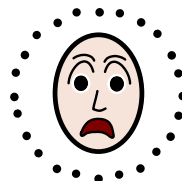

do not

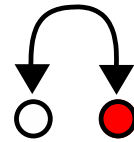

need

to

feel scared

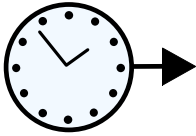

or

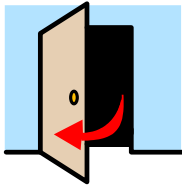

worried.

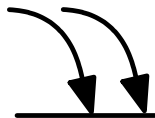

School

will

open

again

when

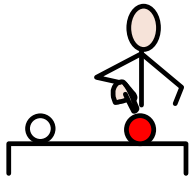

it

is

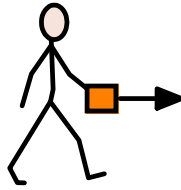

safe.

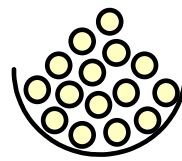

This

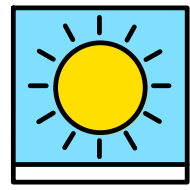

may

take

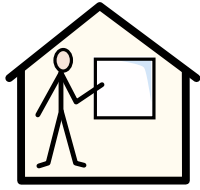

many

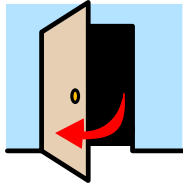

days.

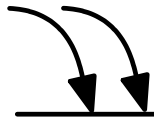

When

school

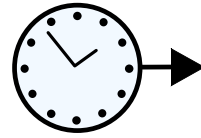

opens

again ,

I

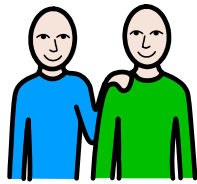

will

see

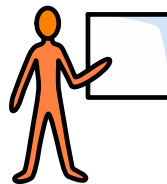

my

friends

and

teachers!
