

Tuke School Newsletter

This year has seen the return of lots of in-person events and celebrations for all of Tuke School, which has been wonderful for the school community! From a Harvest Festival to a live School Performance, Tuke School is thriving and providing lots of exciting experiences for our young learners!

This term we were so lucky to have drum workshops with Drumheads for lots of our classes. Our students really enjoyed exploring the different beats and songs, and showed the rest of the school their new drum skills at a brilliant performance in November.

This Autumn we celebrated Harvest Festival by holding a special assembly and collecting items for the Peckham Food Bank. Then our sixth form students showed their kind and caring ways by delivering the collection to the food bank. Well done Everest Class!

B: M

Tuke School has been celebrating Black History Month this term by providing lots of interesting opportunities for our students to learn about black culture. Students made artworks inspired by black artists, and explored sensory rooms that looked at sporting heroes, foods and aromatic smells from around the world. Tuke even held an amazing fashion show to share and celebrate all of our different cultures at school!

Our whole-school trip to Millwall Football Club was a huge success this year! The students had a fun-filled party and a hearty festive lunch, along with games and a dancing competition too! We are very grateful for Millwall FC for their kindness and generosity!

This year saw the return of our School Performances, and Tuke put on a magical version of 'A Christmas Carol'. All of the classes worked hard to create an amazing show that was enjoyed by all!

At the end of this term we really enjoyed the Tuke School Winter Fayre, which sold lots of beautiful cards, decorations and sweets. We have such talented students who create stunning artworks with the support of our amazing support staff!

INVESTORS IN PEOPLE | Gold

Tuke School is proud to celebrate achieving two gold awards for the 'MOVE' programme and 'Investors in People'. MOVE is an activity-based practice that helps young adults to gain independent movement, whilst Investors in People give awards to organisations that have a high level of investment and development for their staff. Well done to everyone at Tuke for such incredible work!
